

Nikon® N55 Service Advisory Product Return Form

Instructions:

1. Please send only the N55 camera body as listed in this Service Advisory. Do not send any other accessory or product through this Service Advisory.
2. Include a completed copy of the attached form inside the shipping box and please write clearly to ensure proper handling. Retain a copy of this form for your records.
3. Enclose your product in a plastic bag and pack it in a sturdy shipping box with several inches of a quality packing material on all sides so that your camera does not shift in the box during shipment.
4. We recommend shipping the product insured via a carrier, like UPS, that provides you with a tracking number.

Please complete one of the two labels below to ship your N55 camera body to Nikon.

Send to Nikon only the N55 camera body as listed in this Service Advisory. Please do not send interchangeable lens, Speedlight, neck-strap, carrying case or any other accessories with your return.
